Issue 7

Monday 20th March 2017

Principal's Report

Whilst there have been some unfortunate incidents in the community that have crept into the school of late, I need to congratulate the vast majority of students for the diligent and co-operative manner in which you conduct yourselves here at school. I mentioned earlier in the term how studious all classes are with all students participating fully and cooperating with their teachers and peers and it is great to see that that is only increasing as the year progresses.

Good luck to our student's trialling at winter sports trials later this week in Coonabarabran and Gunnedah.

Congratulations to the secondary students who have earned the privilege to attend the pizza and video night this week, I am sure that you will have a great time.

Please remember that if you have any concerns, questions or queries do not hesitate to ring myself or the person the person involved. Whilst I am told that it has many positives, Facebook is not the place to air grievances or resolve situations. Thank you.

Michael Spora - Principal

K-6 Report

Our Primary boy's cricket team have been busy practicing and are in fine form to play the next round of their competition tomorrow at the Gulargambone Town Oval. Be sure to head on over to support and encourage them.

Also this week we are conducting PLP Interviews across all grades K-12. PLP's are Personalised

Learning Plans and provide an excellent opportunity for students, parents and teachers to talk together and discuss learning goals for the student. If for any reason you can no longer make your appointment please phone school as soon as possible to reschedule.

We are busy preparing a fun filled day to celebrate Easter during the last week of this term and more information will come out next week.

Thank you to the parents who contact class teachers or the front office to report your child's absence.

Liz Ede - Assistant Principal

Secondary Report

This will be my last week of teaching for this term. I will be taking long service leave for Weeks 10 and 11. Mrs Ryan will be undertaking the role of Head Teacher Secondary during this time. I would like to thank Mrs Ryan in advance for doing this.

K-12 PLP Meetings

These meetings will take place this Tuesday and Wednesday. You should have received a note stating the time of this meeting. If you have not or if you would like a reminder of your meeting please call the school front office on 68251205.

Netball and Rugby League

This Thursday students will be competing in Netball and Rugby League trials in Coonabarabran. Please ensure all notes are returned.

Secondary Rewards Night

Secondary students will be rewarded this Term for positive behaviour with a Pizza/Movie Night. All students who have not been suspended and who have been respectful this term will be invited. The Pizza/Movie Night will be held this Wednesday 22nd March starting at 5pm. Students will be taken home on the bus unless they are being picked up. Please ensure your child has returned their note.

Year Ten Science Excursion

Last Thursday Year Ten attended a Science ecology excursion at the Warrumbungle's learning centre. This excursion enabled our students to develop field skills in monitoring the health of our water courses.

7-12 Assessment Tasks

Below is a list of assessment tasks for years 7-12 for this week.

Week	Year 7/8	Year 9/10	Year 11	Year 12
9	Music Practical		Maths	Half Yearly Examinations
10	Geography- Research project Art- Portfolio	Food- Tech Prac Visual Arts- Portfolio

Applications should be submitted to:

Mr Michael Spora
Principal
14 Yalcorgin Street
Gulargambone NSW 2828

4/5/6 News

The 4-6 class have been extremely busy in the past few weeks as we have set about establishing our new class routines and getting to know each other. We are extremely fortunate to be supported in our learning journey by Brandon and Alfrene our wonderful teacher's aides, Pia with the Multi-lit program and Miss Mortimore for Drama.

Our beautiful class is currently filled with 18 happy, enthusiastic and cooperative students that are taking on all the new learning opportunities that are presented to them. Students have been busy in all curriculum areas but have worked especially hard in Spelling and Reading Groups, Literacy Activities and Numeracy. They have all made a positive start in these areas and are growing in confidence as each week passes. The year four students are settling into the senior class well and have been extremely active in all class activities.

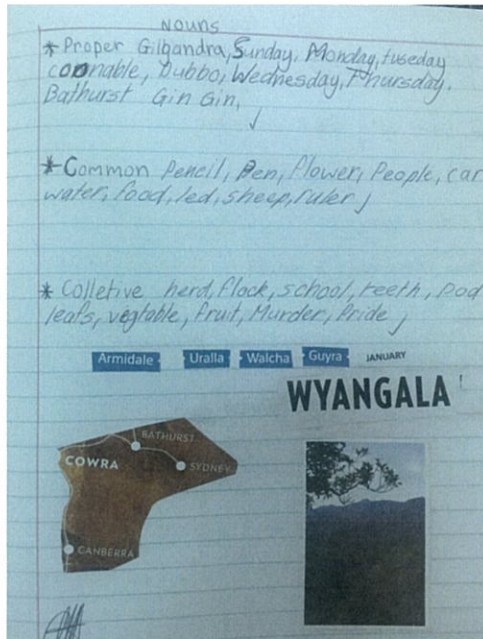

Our boys have recently represented the school in the P.S.S.A Cricket Knockout and were successful in keeping the streak alive against Coonamble beating them comprehensively. The second round of this competition will be held in Gular on Tuesday the 21st of March. Good luck boys!

I would also like to take the opportunity to thank Miss Wood for all her hard work in the first few weeks of this term. You were a huge help to me and the students loved having you here.

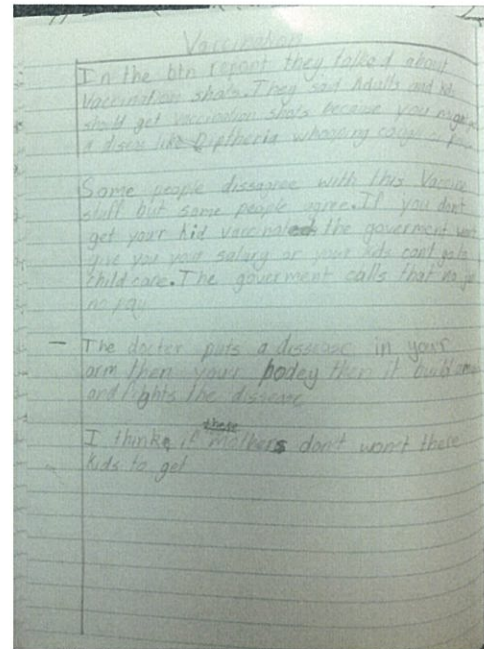

Students' work samples of the many curriculum areas that they have covered can be seen on the following pages.

Too sick for school?

Generally if your child feels unwell, keep them home from school and consult your doctor. This chart and the information it contains is not intended to take the place of a consultation with your doctor.

Bronchitis	Symptoms are coughing, a runny nose, sore throat and mild fever. The cough is often dry at first, becoming moist after a couple of days. There may be a slight wheeze and shortness of breath. A higher fever (typically above 39°C) may indicate pneumonia.	 ... until they are feeling better. Antibiotics may be needed.
Chickenpox (Varicella)	Slight fever, runny nose, and a rash that begins as raised pink spots that blister and scab.	 ... for 5 days from the onset of the rash and the blisters have dried.
Conjunctivitis	The eye feels 'scratchy', is red and may water. Lids may stick together on waking.	 ... while there is discharge from the eye unless a doctor has diagnosed a non-infectious cause.
Diarrhoea (no organism identified)	Two or more consecutive bowel motions that are looser and more frequent than normal and possibly stomach cramps.	 ... for at least 24 hours after diarrhoea stops.
Fever	A temperature of 38.5°C or more in older infants and children.	 ... until temperature is normal.
Gastroenteritis	A combination of frequent loose or watery stools (diarrhoea), vomiting, fever, stomach cramps, headaches.	 ... for at least 24 hours after diarrhoea and/or vomiting stops.
German measles (Rubella)	Often mild or no symptoms: mild fever, runny nose, swollen nodes, pink blotchy rash that lasts a short time.	 ... for at least 4 days after the rash appears.
Glandular Fever (Mononucleosis, EBV infection)	Symptoms include fever, headache, sore throat, tiredness, swollen nodes.	 ... unless they're feeling unwell.
Hand, Foot and Mouth Disease (HFMD)	Generally a mild illness caused by a virus, perhaps with a fever, blisters around the mouth, on the hands and feet, and perhaps the nappy area in babies.	 ... until all blisters have dried.
Hayfever (Allergic rhinitis) caused by allergy to pollen (from grasses, flowers and trees), dust mites, animal fur or hair, mould spores, cigarette smoke	Sneezing, a blocked or runny nose (rhinitis), itchy eyes, nose and throat, headaches.	 ... unless they feel unwell or are taking a medication which makes them sleepy.
Head lice or nits* (Pediculosis)	Itchy scalp, white specks stuck near the base of the hairs; lice may be found on the scalp.	 ... while continuing to treat head lice each night. Tell the school.

Hepatitis A	Often none in young children; sudden onset of fever, loss of appetite, nausea, vomiting, jaundice (yellowing of skin and eyes), dark urine, pale stools.	 ... for 2 weeks after first symptoms (or 1 week after onset of jaundice). Contact your doctor before returning to school.
Hepatitis B	Often no symptoms in young children. When they do occur, they can include fever, loss of appetite, nausea, vomiting, jaundice (yellowing of skin and eyes), dark urine.	 ... if they have symptoms. Contact your doctor before returning to school.  ... if they have a chronic infection (not the first outbreak) and no symptoms.
Impetigo (School sores)	Small red spots change into blisters that fill up with pus and become crusted; usually on the face, hands or scalp.	 ... until antibiotic treatment starts. Sores should be covered with watertight dressings.
Influenza	Sudden onset fever, runny nose, sore throat, cough, muscle aches and headaches.	 ... until well.
Measles	Fever, tiredness, runny nose, cough and sore red eyes for a few days followed by a red blotchy rash that starts on the face and spreads down the body and lasts 4 to 7 days.	 ... for at least 4 days after the rash appears.
Meningococcal Disease	Sudden onset of fever and a combination of headache, neck, stiffness, nausea, vomiting, drowsiness or rash.	Seek medical attention immediately. Patient will need hospital treatment. Close contacts receive antibiotics.
Molluscum Contagiosum	Multiple small lumps (2–5mm) on the skin that are smooth, firm and round, with dimples in the middle. In children, occur mostly on the face, trunk, upper arms and legs. Symptoms can last 6 months to 2 years.	
Mumps	Fever, swollen and tender glands around the jaw.	 ... for 9 days after onset of swelling.
Ringworm* (tinea corporis)	Small scaly patch on the skin surrounded by a pink ring.	 ... for 24 hours after fungal treatment has begun.
Runny nose or common cold		 ... unless there are other symptoms such as fever, sore throat, cough, rash or headache. Check with school.
Scabies*	Itchy skin, worse at night. Worse around wrists, armpits, buttocks, groin and between fingers and toes.	 ... until 24 hours after treatment has begun.
Shigella	Diarrhoea (which may contain blood, mucus and pus), fever, stomach cramps, nausea and vomiting.	 ... until there has not been a loose bowel motion for 24 hours. Antibiotics may be needed.
Slapped Cheek Syndrome (Parvovirus B19 infection, fifth disease, erythema infectiosum)	Mild fever, red cheeks, itchy lace-like rash, and possibly cough, sore throat or runny nose.	 ... as it is most infectious before the rash appears.
Whooping Cough (Pertussis)	Starts with a running nose, followed by persistent cough that comes in bouts. Bouts maybe followed by vomiting and a whooping sound as the child gasps for air.	 ... until the first 5 days of an antibiotic course has been completed. Unimmunised siblings may need to stay home too until treated with an antibiotic.
Worms (Threadworms, pinworms)	The main sign of threadworms is an itchy bottom. Sometimes children feel 'out of sorts' and do not want to eat much. They may also have trouble sleeping, due to itching at night.	 ... and tell the school as other parents will need to know to check their kids.

*It is important that the rest of the family is checked for head lice, scabies and ringworm

GRTC News

Thanks to everyone who came along and supported the stall at the Lions Club Market Day last Saturday. The GRTC really appreciates your continued support. We really need the support from the local community to make these market days a continued success.

To all Reliance customers –
Reliance Credit Union has announced that they have changed their name to Reliance Bank. The only thing that has changed is the name. The BSB and contact details all remain the same.

ON SPECIAL THIS WEEK AT THE GRTC!!
Scarves \$25 each or two for \$40
Necklaces \$25 each or two for \$40

**HAVE
A
GREAT
WEEK**

Monday 20th March, 2017

Gulargambone Community

Preschool News

What a busy week at preschool this week!

We think it is very important to strengthen our community involvement and ties. On Wednesday we had Barnardos visit preschool for play group. This gives younger children within Gular the opportunity to come and have a play at preschool and get to know staff etc.

We also had speech assessments for new four year old children attending school in 2018. If you have any concerns about your child's speech, please see staff.

On Thursday Ralph Naden returned to preschool. He had made each of the children some clapping sticks from real branches which they used to help him make music for his grandchildren to dance. Jeremy and Lucy got to be a kangaroo during one story. He showed them how Aborigines use to make axes using a forked stick and a rock. He also spoke to them about

markings on trees and the importance of boundaries. We finished with Rorey, Jeremy, Elias, Oliver and Tom dancing like a rainbow serpent.

Tickets for the Easter Raffle will head home this week. This is one of our big fundraisers for the year. Please see staff if you require more tickets. There will also be tickets available for purchase at the RTC, Ferguson's corner store and Armatree Hotel.

Important Dates:

Easter Hat Parade and Grandparents Day – Wednesday 5th April

Excursion to the Central School for Easter Activities – Thursday 6th April

Last Day of Term – Thursday 6th April 2017

Afternoon Group

This week for group the children have been doing lots of dancing. They acted out the story 'we're going on a bear hunt' and danced to lots of known Wiggles songs. We then recapped some of our important moves we learnt from Occupational Therapy; such as the superman, the walking dog and the cracking egg.

Rorey

Easter Hat Parade and Grandparents day

Wednesday 5th April 2pm

Afternoon Tea Provided
