Principal's Report

You may or may not be aware that our third strategic direction, after Student Achievement & Attainment and Student Wellbeing is Post School Destinations. This means giving students a strong sense of direction in the career or vocation that they would like to pursue in life after school and supporting them to achieve these aspirations. Last week I had the privilege of driving some of our secondary students to a university information day in Dubbo. Each of the four Universities gave tips on the various ways of getting into university, as far fewer people are using their ATAR or HSC mark to get into Uni these days, as well as many other insights such as the pros and cons of living on campus, off campus in a shared house and studying remotely. All in all, it was a great day. I was most impressed with each of our students attending for the way that they engaged with all of the universities asking specific questions about the courses that they are interested in.

Today we have both Claire and Lachlan Fisher swimming at the Regional Swimming carnival in Armidale. This is a fantastic achievement and we wish both students the best of luck.

Have a great week.

Michael Spora

K – 6 News

Lachie & Claire Fisher have made their way to Regional Swimming today. We wish them all the best and will have an update on how they went next week.

Home reading folders went home last week and it has been great to see some students actively participating and already bringing their readers to be changed. Miss Skinner changes these each morning in the toast room. Also in the folders were notes printed on hot pink paper. These notes need to be returned to the front office as soon as possible. One page was about the use of technology and websites at school and the information they collect, there was a white information page for parents and a signed permission to be returned. The second hot pink page was the general permissions that are required at the beginning of each year for things such as walking around town, using sunscreen and aeroguard and photo permission. Kinder students received their Best Start results and Year 6 students received information about starting high school next year. You do not need to do anything with that information if your child is continuing high school here.

Today marks the reopening of the canteen. I am sure the SRC will once again do an outstanding job of running it on a daily basis.

As we have now entered Autumn, the mornings may become cooler. Please make sure all jumpers are labelled clearly with your child's name. Remember, all recess and lunch orders need to be placed at the start of the day.

Liz Ede – Assistant Principal

Secondary Studies Report

Thank you to Mr Spora for taking the Year 12 and Year 10 students to the University Showcase Tour at Dubbo Senior Campus on Friday. The students enjoyed having the opportunity to talk to representatives from the University of New England, Southern Cross University, Charles Sturt University and Newcastle University. It certainly made them aware of the many opportunities available to them at regional Universities, the broad range of courses, entry pathways and scholarships.

The attendance award should go to Stage 4 who have maintained an excellent attendance rate so far this year. Regular attendance at school is not only essential for your child's education and career options, but it also helps them build and maintain friendships.

Ms Ana Robson

Head Teacher Secondary Studies

Good Luck to Claire & Lachlan Fisher as they compete at the Regional Swimming carnival in Armidale today.

Lunch Program Menu

Week 7

Monday 6th March

Moroccan Mince & Pasta

Tuesday 7th March
